Class Notes

1900-1930's

Sara C. Harmon (6/18) sent us a copy of the program from her senior play-a patriotic pageant titled "COLUMBIA DRAWS THE SWORD." As Sara says "patriotism was high and the citizenry was filled with the fervor of the war effort which was thought of as a crusade to rid the world of the scourge of war for all time"

Dorothy (Erman) Goodyear (6/28) put together a booklet for the members of her class commemorating the 60th anniversary of their graduation. Since many of these graduates were not currently listed in our files, we appreciate her thinking of us and hope those who will now receive the newsletter will enjoy it.

Ruth (Weyrick) Carpenter (1/29) sent us some memorabilia from the 20's and would like to see more news from the 20's grads. She recalled fondly the "great and talented" Miss Eddingfield. **Doris (Barker) Yeend (6/31)** also recalls Miss Eddingfield and others. Doris had received some things from the nephew of Zelma Bundy when she passed away. Included were some of Miss Bundy first grey hairs; Doris hoped that she wasn't the cause of that grey.

Walter Hamilton (1/32) is happy to be a survivor of the forty who were the last to graduate from the old John Marshall. **Phil (1/34)** and **Ann (Gunner) Donnelly (6/33)** recently changed their address in Miami Shores, FL. **Ruth Green (6/33)** rereads the newsletter several times (as many of us do). Having lost her husband last year she is grateful that her family lives close by. **Henry (1/33)** and **Bernice (Gshaefer) Streidl (35)** have lived in Dallas, TX since 1951 and really enjoy "hearing about class members from many years ago." **Les (1/34)** and **Mae (McKay) Sternecker (6/34)** recently celebrated their golden anniversary at a party in Weymouth, OH. Present were members of the original wedding party **Ruth, McKay) Aussem (6/37)** and **William Mohr (1/34)**. **Jean (Rider) McCormick (6/33)** of Blairsville, GA discovered thru the Alumni News that a classmate of hers had also lived in her town. **Maureen Malone (6/34)** had a "great visit" with several classmates in the Coral Gables, FL area. **George Marin (1/34)** enjoys the newsletter in his Oak Harbor, WA home. **Karsten and Ella Mae (Lutz) Solberg (1/34)** celebrated their 50th anniversary in Miami. Helping celebrate were their son **Ronald (6/60)** and his wife **Ginny (Gander) Solberg (6/60)**, their daughter, **Sharon (Solberg) Suer (6/62)**, and many other alumni including **Ralph Armstrong (6/34)**, **Phil (1/34)** and **Ann (Gunner) Donnelly (6/33)**, **Thomas Donnelly (1/46)** and **Terese (Gunner) Walsh (1/35)**. **Ethel Kane (1/35)** feels fortunate "not to feel the passage of time." She still works and prefers a job that keeps her physically active. **Winifred (Swaddling) Gansler (6/35)** retired to FL eleven years ago; she enjoys the warm climate and all the news of former classmates. **Zita (Herald) Gonczy (6/35)** enjoys the news but wishes there was more from her class. **Daniel Haller (6/36)** appreciates the news in Roanoke, VA where he is a realtor. **Lowell Parks (6/36)** said the newsletter caused some reminiscing and didn't think that he and his classmates were "really such antiques yet." **Howard (6/37)** and **Bernice (Fischer) Walker (6/36)** are enjoying retirement at their same Cleveland location. **Edythe (Sale) Maxim (1/36)** recently received an award from "Silver Wings" at the Air Force Museum in Dayton. This is an organization for men and women who soloed at least 25 years ago. **Bill**

retirement **Betty (Whitty) Keeler (6/45)** is busy putting the final touches on the 43rd reunion for the '45 classes. **Arlene (Arelt) Windau (6/45)** has been busy volunteering at the Brooklyn Senior Center and is looking forward to the reunion. **Marian Unterberger (6/46)** is still looking for some help to plan the reunion for her class. **David C. Weber (6/47)** is currently selling real estate in the Leesburg, FL area. He retired as a colonel from the USAF and as a guidance counselor and coach with the Parma City Schools. **Ken Boehmert (6/47)** had moved to San Francisco 32 years ago. He appreciates keeping in touch via the newsletter. **Ruth (McLaughlin) Scebbi (6/47)** recently retired as underwriting manager for an insurance firm. She invites any 6/47 grads on their way to or from Las Vegas to "Drop in! The weathers's great!" **Marcella (Foy) Herten (6/47)** has begun some exploratory work on the possibility of a reunion for her class. **Kathryn (Mossford) Schafer (6/48)** has lived in Merritt Island, FL for the past 22 years. She would be interested in learning if and when a reunion is being planned. **Ruth (Miller) Bertrand (6/48)** writes that her twin sister **Rita (Miller) Crouch (6/48)** is retired in San Diego from Kansas City. Ruth also indicated she'd be willing to help on a reunion committee. **Charlotte (Farichild) Popcock (6/48)** enjoys spending winters in California and the summers in New Jersey. **Richard Pearson (6/48)** of Raleigh, NC wonders if, when, and where there will be a reunion. **Dave Veitzel (6/48)** writes from Kingwood, TX that he would be very interested in helping and attending a class reunion. ("sounds like there is a lot of interest in a '48 reunion-if someone is interested in getting the ball rolling, please let us know--there is no federal law that says you can't have a 41st or any other year reunion.") **Betty (Verle) Ciryak (1/49)** is now living in Avon Lake. **Eleanor Verdile (6/49)** has been a high school English teacher for 28 years and remembers how some of our John Marshall teachers were excellent role models. She teaches at Parma Senior High. **Dolores Lasenchack (6/49)** wondered why the Alumni News stopped coming considering she hadn't died or moved. I confess that I'm at a loss to explain this, but we've put her back on the list.

Our hats are off to them all. **Nancy (Warren) Clemons (6/52)** enjoys hearing about graduates' accomplishments through the newsletter. **Eleanore (Reichel) Petroff (6/52)** recently moved to Charlotte, NC from the Detroit area when her husband was transferred. WOW!!!

Since I took this job in 1984, donations and expenses have just about come out even. In fact, there have been some anxious moments when the postmaster totalled up the Due Bill! But we have managed to stay in the black. With the last newsletter I had hoped to start a drive that would eventually lead to the purchase of a new computer. Never in my wildest dream did I expect such a response. It was overwhelming! Once again you have all shown your interest and support in the Alumni Association. It was truly gratifying. To make a long story short, the computer and support material are in place and there was enough left over to cover the cost of this newsletter. It may drive me crazy trying to get used to the new system (as anyone who has purchased a new computer will testify) but, it will save a tremendous amount of time in the long run and be able to do some things that we were only able to dream about in the past. Thanks to you, the future has never looked better.

Time For An Update

Because so many people have been added to our roles in the last two years, this may be a good time to review the history and function of the Alumni Association. The association is a non-profit (soon to be incorporated) organization which promotes the interests, history, friends and alumni of John Marshall High School. Membership is open to all graduates, former students, faculty (past and present), and anyone who expresses an interest in John Marshall. While there is no membership fee or annual dues, the total operation is funded by the tax deductible donations of alumni and friends.

The newsletter of the association is the vehicle of communication to 16,000 active members. In its fifteenth year of publication, it is published in June and December each year and sent to anyone who is currently on our mailing list.

The association is governed by a board of directors made up of the principal and those faculty members who are alumni of John Marshall. The Board appoints officers, including the Alumni Director, who oversee the day to day operations.

HISTORY

Franklin Hayba (1/44) recently sent us the negatives of several hundred photos that were taken in and around JMH in the early 40's. This is certainly a welcome addition to our archives and we are all in his debt. In addition, smaller, but no less important, donation of memorabilia arrive in our office on a regular basis.

It has thus become increasingly clear to me that sooner or later all of this information will have to be put together. For some time I have entertained the idea of writing the history of JMH. Hopefully this will be in the not too distant future. In the meantime, if you come across any bits and pieces of our history, please keep us in mind-and please, don't run out to your local bookstore just yet!

POSTAGE---SAVED!

Starting late last year I began adding Carrie Route Pre-Sort numbers to about 10,000 of our addresses. While it was a long arduous task, the net result would have been a savings of at least \$150.00 in the mailing cost of each newsletter. Just about the time i finished the task, new postal rates were announced and my heart sank. However, while some hefty increases were announced for many categories, those for non-profit organizations were essentially unaffected. So at least in this round, we were spared.

SOMETHING NEW

Did you ever wonder how many JMH'ers live in Farmington Hills, MI or Lakeland, FL or your home town? Wouldn't it be an interesting idea to have a regional reunion? Drop us a line, with our new computer we can at least get you started.

WHY TWO?

"My wife and I both receive the alumni news-why not just send one and save the postage?" We have received this suggestion several times. The computer generated mailing labels are based on lists from each graduating class. These class lists are absolutely vital to reunion committees, and if spouses are from different classes, then we can't delete a name just to save the postage on a newsletter. The alternate is to hand pull the duplicate labels-far too time consuming with 16,000 labels. Perhaps the new system will help-as soon as I figure it out!
