

**This could be your last newsletter  
unless we hear from you!**

**TO THE CLASSES FROM 1970 Through 2017**

You will notice this newsletter is smaller than previous issues. We have been mailing 18,000 free editions to classes from the 1930s through 2000s since 1973. Donations have dropped to 300 responses per year. Response is less than **2%** of our mailing. Our yearly scholarships and general funds are in jeopardy. We need \$8000 a year to print and mail the newsletter. In 2017, we received \$10,000 in donations from Alumni representing 1940's, 50's 60's and 70's. From the 1980's classes to present, no donations have been recorded (**see additional comments on page 13**). We are missing many class lists (addresses) from the 1980's and 1990's. It was brought to our attention many of these classes thought we eliminated their names. The truth is, we never received contact information from the school. We are attempting to add names, based on yearbook and graduation lists given to us, but these did not include addresses. We depend on the class reunions to update their lists and give the information back to the Alumni Database Coordinator. Every year, we add over two hundred new graduate names to our database and unfortunately, lose over 200 Alumni to deaths.

**Therefore: WE NEED YOU!**

We need your input to move forward to bridge the gap between old and new technology. If you know of anyone who would like to be receiving the newsletter and doesn't, please direct them to [www.jmhalumni.com](http://www.jmhalumni.com) so they can update and/or add their name and address. (**See additional information on the last page**).

We are also polling **all** Alumni to determine the best method of communication. You need to tell us if you prefer a **hard copy** (mailing) or prefer **online access** to the newsletter on our website. This would eliminate the need to send 18,000 hard copies and could cut costs. We understand that many do not have computer capabilities and they would remain on the list to receive a hard copy. In the near future, our technology will be brought in to the 21st century, allowing better service.

**PLEASE SEND US YOUR VOTE!** Your input is very important! If we do not hear from you, the majority vote will be selected for future newsletter delivery. The last page of this newsletter has all the information to keep in touch with us. It is not necessary to make a donation when answering this poll.

**AGAIN, THIS DOES NOT APPLY TO 1930'S THROUGH 1969!**

**YOU WILL CONTINUE TO RECEIVE YOUR NEWSLETTER  
UNLESS YOU REQUEST ONLINE ACCESS.**

**FOR ALL,  
PLEASE BE SURE WE HAVE A  
CURRENT EMAIL ADDRESS!**

## From the President's Desk

**Good News:** The Cleveland Browns installed a top rate athletic field at John Marshall, as well as a new score board. **Bad News:** We still have not played on the field nor do we have a track, lights, press box or PA system. Stands were installed late in the year on the home side of the field, yet only hold 500, but no stands installed on the visitor side. The school board has said they will put in the necessary up grades, so we can use the field. This is not just a football field but also a full sized soccer field, which is larger. This summer, check out our webpage or our Facebook group for when the first game will be played.

John Marshall is now three schools in one. Engineering, Information Technology and Civic & Business Leadership. Each of these schools seems to be doing well. JMH is slightly overloaded, having about 100 students over capacity. The first graduation of the three schools is this May 26, 2018.

Thank you,

Ken Tischler 1/57

## Cleveland Browns Chip in More for New High School Football Fields as District Adds Bleachers.

Excerpts from this article:

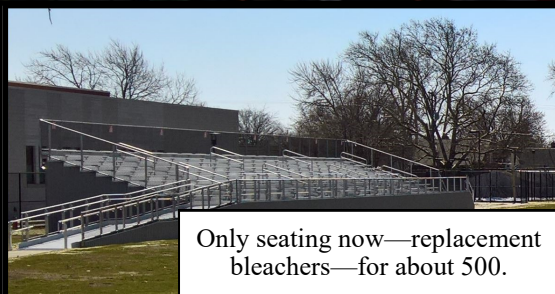

CLEVELAND, Ohio - "The Cleveland Browns will pay more than originally expected to add two more synthetic football fields to Cleveland city schools this year, while the Cleveland

school district adds its own contribution - aluminum bleachers for both.”..

“The Browns and owners Jimmy and Dee Haslam have agreed to cover those costs, Gordon said. The exact amount is unclear, though the Browns say the combined amount for the two schools will be about \$500,000. With the new work and the addition of scoreboards at the fields, total costs could reach \$3.5 million.”...

“Gordon called the added gift from the Browns "very significant" and one that will help the teams at those schools play home games again, after having to play all their games in other parts of the city or on the road.”...

“That would allow both of these schools to play on their site,” Gordon said.... There will be no locker rooms added, so players will still use the ones inside the schools....

Work will start later this spring, with fields open by the fall.”

**Updates:** No games were played on the field last year. So far, only minimal seating on the ‘home’ side has been provided. No track or new lighting has been added, at this time.

**Remember to check our webpage or Facebook group this summer for details on the Opening Game and/or the Alumni Game.**

## Hall of Fame Information

The Hall of Fame for John Marshall graduates was formed in 1999 by faculty of JMH, led by Mr. Bill Ritter. In 2004, the JMH Alumni Association joined as a sponsor of the HOF. The committee made a decision to have only one HOF that included Distinguished Citizens, Outstanding Athletes, Medical and Military Achievements, Entertainment Professions and Significant Faculty Members. We look for people who not only had major accomplishments while at JMH, but people of character who have excelled in their field and are role models for others. There have been nine inductions so far, with 89 alumni inducted.

For several years, Andy Mathews, 1/70 had been the committee chairperson, but due to health issues has had to step down. The committee received new members from recent JMH retired faculty and additional Alumni who meet regularly to review all the nominated alumni. At this time, we are reviewing all the past nomination forms that have come to us through the past years and are also accepting new nominees. Some of those previously nominated do not fit the criteria established by the committee and cannot be considered.

Please read over the following criteria to help understand who is eligible.

- ◇ Graduated from JMH 10 years before being considered
- ◇ Excelled as a student, athlete, staff or faculty while at JMH
- ◇ Honored as a distinguished leader in his/her profession
- ◇ Contributed significantly through their professional or personal life for the betterment of society
- ◇ A person of good character with strong integrity and high moral standards
- ◇ Recognized by the community as a positive role model for students
- ◇ Received significant honors and awards for their active involvement in society

### One of Our Own

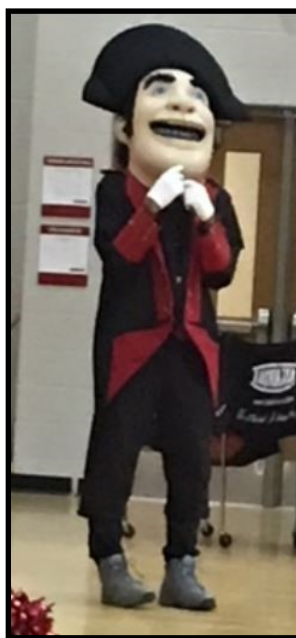

Retired Alumni Trustee Mary Sinatra (1/54) passed away March 24, 2017. She was an active Trustee of the Alumni Association from 1991 through 2014. In the beginning years, she served as secretary and then became the Database Manager in 2001. Mary is credited with establishing our current database and she worked endlessly to get all the names and addresses of the graduating classes recorded. She also handled all the donations, book orders and thank you letters that were sent out. She will be truly missed.

### JMH MERCHANDISE

CD's, T-shirts, hats, glassware—all are still available—we just ran out of room! Check out all available items at our E-store—now up and running on EBAY. You can view & order online by credit card at [www.jmhalumni.com](http://www.jmhalumni.com) or mail your order to our PO Box.

**IMA—the Lawyer mascot**

**As noted on page one,** most donations received are from classes 1973 and earlier. Therefore; **we need classes from the 80s and above** to grab the reins and help support this organization.

Your **donations** are needed to **fund scholarships**, take care of **operations** costs, and to help **various teams and classes** at the school. Girls basketball and The School of Engineering were supported this past year. The Pavers and Brick Sales continue to support the **Scholarship funds** along with **specified endowment donations**.

**Further donations** will assist with updating our systems and publications, **using technology** to bring us in to the 21st century.

Our alumni association has focused on serving all past JMH alumni. We've had an influx of 80s, 90s and 2000s graduates attend meetings recently. Their goal is to move the Alumni to not only financially support, but physically mentor and give back to the school community.

Each donation helps no matter how small. **Please do your part to help us and our students as they move toward their future.**

The 1965 Class holds annual reunions—informal on Fridays and sit down on Saturdays. This was last year's 2017 Reunion group. The Class of 1958 meets four or five times a year for dinner. The 1957 class has a spring and fall luncheon each year. January 1959 meets for lunch every October, The 1974 class meets informally every August. Does your class get together regularly?

**Super Special Thanks**

**Andrew T Mathews 1/70**

For his years of service to the Alumni Association as a Trustee & President, Historian, Hall of Fame Committee Chairman, and Sports Statistician.

He has diligently checked the PD obituaries for all alumni, recording date and securing confirmations of death, spent countless hours searching the Interpreters for trivia and other historical JMH moments, compiling lists of past faculty members, finding obits of classmates lost prior to graduation, names of those serving in the military, and has also researched and recorded sports results from the PD, the web, and the school. Health issues have required him to step down.

His assistance will truly be missed!

We promote, finance, organize and participate in functions and events that contribute to the core values of education both academically and socially. We draw on our Alumni for support in these endeavors that include a Scholarship Program for graduating Seniors.
