JOHN MARSHALL NIGHT ON THE GOODTIME III

Thursday, August 15, 2002

After a successful trip during our Centennial in 1999, we are pleased to announce our second Marshall night aboard the Goodtime III. We have reserved the entire ship for JMH Alumni and their guests. We hope you join us for a nostalgic trip down the Cuyahoga, along the Lake Erie Shoreline and through the Flats Entertainment area. We will have limited seating, so we encourage you to make your reservations immediately. Class reunions

ALL ABOARD

welcomed! Please fill out the form on page 12 and send in as soon as possible (see inside for more details).

From the Alumni Association . . .

Another year has passed and with it many changes. The events of September 11, 2001 will forever be in our hearts and on our minds. Now is a good time to reconnect with your past friends and acquaintances from JMH. Class reunions will reunite you with your classmates, and the Alumni Newsletter will keep you informed of events to help keep that connection going. Please read on to gain insight into the upcoming events. If your particular class is not mentioned, maybe it is time for YOU to become involved and get something together. As always, the Alumni Association will assist you with information.

We recently had the election of new officers and the formation of some new committees. The new officers are listed along the side of our Newsletter. The new committees are: Newsletter, JMH History, Athletic History, Publicity, Endowment, Website and Database. Our JMH Website is www.jmhalumni.com. This will include information on reunion committees, alumni news and any updates. We are encouraging you to check out our website!

The Alumni Association would like to extend our heartfelt Thanks to Dr. Harlan Peterjohn, our former Treasurer who has retired from our committee. He has dedicated many years of work, keeping us solvent and productive. He will be truly missed at our meetings, but never forgotten. Joining us as new trustees are Michelle Maco Mader, 6/74 Ted Solarz, 1/44 and John Papay 6/63. As always, everyone interested in attending our meetings is welcomed. We are looking forward to the new year and upcoming events. Please continue to support your Alumni Association. Also, attend our open meeting in September. See page 12 for details

Best Wishes,

NEWS FROM
FORMER FACULTY

FATHER, DAUGHTER

BY RALPH PFINGSTEN

Only once in the history of JMH have two generations of the same family served on the faculty. Wallace Ogilvy and his daughter Mary Ogilvy Gensler not only taught on the faculty but also had their careers overlap for a short time at John Marshall in the mid 50's.

Wallace Ogilvy graduated from Baldwin Wallace in 1912 and began his teaching career in Valley City. This was followed by jobs in the Olmsted Falls and Berea School Systems. From 1918 to 1920 he served as director of the East End YMCA. In 1920 he returned to teaching at Settlement School on Settlement Road in the City of West Park. In 1923 West Park was annexed to Cleveland, Settlement Road became West 130 Street and Settlement School became Nathaniel Hawthorne. From 1928 to 1932 he served as principal at Nathaniel Hawthorne and in 1932 came to John Marshall where he taught history until his retirement in 1956. He was instrumental in forming the Key Club in 1947 and helped to establish the Hi-Y at Marshall. He was a lifelong member of the YMCA and taught Sunday School for 40 years in the Methodist Church.

Mary Gensler came to John Marshall in January 1954 having taught at Baldwin Wallace for four years. She was also the acting Dean of Women at BW. At Marshall she was head of the Home Economics Department and responsible for many award winning and innovative programs. Mary retired in 1976 and still lives in Rocky River.

When I hear the cliché—"one of the nicest people you've ever met", I think of the Ogilvys—I was privileged to know them both and they were truly two of the nicest people you could ever meet.

OTHER FACULTY NEWS

Linda Reany Heilman (1/71 to 6/74) writes that she returned to teaching in the Tiffin City Schools in 1995. She received a Masters Degree in Special Education in 1999 from the University of Findlay. She's been married 27 years, has two daughters and two granddaughters. Her spare time activities include gardening and collecting antiques.

Cleveland Scholarship Programs benefit from the expertise of Mary Louis Nixon, who is still working as Director of Student Support Services. She talks and works with many JMH Alumni.

Doris Krueger (1954-1959) expressed appreciation for Ralph Pfingsten's wonderful tribute to Eleanor Kosman in our last newsletter. Doris wrote "He captured her attributes in a great way."

The Alumni Association enjoys hearing from faculty and former faculty. We appreciate your support.

DISTINGUISHED
GRADUATES

BY DR. HARLAN PETERJOHN

Kenneth D. Nichols graduated from the old John Marshall and proceeded to West Point Military Academy. After graduation he became a US Army Officer, received a Ph.D. in Engineering and in 1942 was appointed as assistant to Lelsie Groves Director of the Manhattan Project. This was the code name for the super secret Atomic Bomb Project including Los Alamos, Oak Ridge and the Hanford Sites. He worked with all of the major scientists, engineers and government officials to develop the Atomic Bomb. He was promoted to General and became the Army's resident nuclear weapons expert.

Dr. William J. Hadlow (6/39) was graduated from Ohio State University School of Veterinary Medicine in 1948. His professional work was as a research pathologist in the Public Health Service at the Rocky Mountain Laboratory in Hamilton, Montana. A skilled comparative pathologist, he gained insights into a family of neurological diseases long before human medicine became involved. This group includes bovine spongiform encephalopathy (Mad Cow Disease) and Creutzfeld-Jacob diseases in Humans. From his knowledge of related animal disease he advanced the idea that sub acute progressive brain disease in humans should have an infections origin. His work on Scrapie in sheep allowed British authorities to reduce the potential for transmission of Mad Cow Disease in humans. For these accomplishments he received an Honorary Doctorate degree from the University of Minnesota in 2001 and was considered for the Nobel Prize.

Former Swim Team and Timers Club

The get together of former Swim Team and Timers Club members last Spring pleasantly surprised Coach Bill Brashwitz (1972-1978). He was beyond words at seeing all who attended the First Reunion Picnic last July. Bill hopes more people can come and join again this year. See the Class Reunion column in this issue for the date, time and place. Looking forward to seeing everyone again!

After a successful fund raising reverse raffle, on November 9, 2001, the John Marshall High School Hall of Fame Committee is proud to announce the 2002 Charter Members to be inducted: Dr. Steve Sroka 6/62, Rev. John Uhle 6/55, Shirley Babbit (Fac.) 55-64, Joy Hirniak Smith (Fac.) 66-86, Tony Rizk 1/61 Thomas Jefferson 6/80, Robert Giles 6/51, Joseph Dinunzio (Fac.) 71-79.

In order to make this a memorable evening for all involved, we need to hear from you soon. Our past inductions have had tremendous response. Please send in your reservation by October 15, 2002 to John Marshall Hall of Fame Committee 3952 West 140th Street Cleveland, Ohio 44111 Questions? Contact the committee at Phone 216-251-3766 or 216-251-5740. To nominate an Alumni or favorite faculty member, please write to the committee with information regarding your nominee, including how they or their family can be contacted.

Puritas Park Art Festival by Lori Ashyk

Art, music and a spirit of collaboration. That's what the faculty and students of John Marshall are contributing to its surrounding neighborhood in the preparations for an upcoming community arts festival.

The school has for a long time been an under-utilized and under-recognized asset for the West Park neighborhood. But it will have its chance to shine and be seen by alumni and neighbors at this event.

Marshall's art teacher, Nancy Murnyack, will be guiding students and neighborhood children in the building of a "peace sculpture" on the day of the festival and negotiations are underway to have some or all of the school's concert band perform on stage.

The festival, called, "Puritas Park: the Art of it All," will be held on June 9, 2002. The location is Puritas Avenue, between West 140th Street and West 143rd. The event will include interactive art stations, live music and dance performances, food from area restaurants, exhibits from professional artists as well as exhibits from area museums. The theme this year is tolerance.

Another notable attraction is the participation of area schools. Representatives from several elementary schools as well as John Marshall have been meeting since

September to determine how they can showcase the talents of their students at the festival and how they can work with each other.

One activity in which they all will participate will be the creation of an opera, called "Barbed Wire City," written by students at Newton D. Baker School of the Arts. Students from all the schools involved, including Marshall, will either make costumes or sets, or act and sing in the musical, which is about the Japanese internment camps of World War II.

The "peace tree" sculpture will be built from pieces designed by young people either before or during the arts festival. Ms. Murnyack, who has been teaching art at Marshall for several years, has graciously offered to lead the effort. Anyone who comes can design and paint and then add their piece – perhaps a branch or a leaf – to the tree.

This is a rare chance to see the Marshall students and faculty at a public event outside the school. So be sure to mark the date – June 9 – and the place – the Puritas Park Arts Festival.

In addition to the schools, the festival is sponsored by the Bellaire-Puritas Development Corp., Ward 20 Councilman Martin J. Sweeney and area churches and businesses. If you'd like more information or would like to become involved, contact Lori Ashyk at BPDC at 216-671-2710.

 June - 51, 78, 79, 80, 89, 90, 97

Contact the Association if you are interested in purchasing a copy. Cost is \$20.00 including postage.

We are also seeking missing Interpreters. If you have kept your copies, please contact us

Congratulations to Coach Lorie Hein and the JMH Girls Volleyball Team for their 14-0 season and the Senate Championship. (Overall 16-1).

Also, the JMH Golf Team finished as Senate Champs.

This will be the last call soliciting memorabilia from JMH, West Park or Rockport. We would be interested in old photographs, especially prior to 1930. All materials would be copied and returned.

The Alumni Trustees are looking for a permanent home - a meeting place with some storage space. As material continues to accumulate-records, photographs, documents and other memorabilia we continue to outgrow our storage space. If any business owner in the West Park area (or nearby) has an unused office or spare room that we could use we would be most appreciative.

Statement of Scholarship Grants

The JMHS Alumni grant several scholarships to deserving students on the basis of recommendations of the faculty of JMHS. In the future, grants will also be extended to JMHS graduates who have completed one or two years at a recognized college or university. Those interested may contact us at our mailing address or website for further details.

John Marshall Alumni Association Has an Endowment Fund? BY MICHELLE MADER

Yes, a very small one compared to other schools. The intent of such a fund is to gain income from which the Assoc. could provide scholarships to graduating seniors. Although we do give out scholarships now, these are few in number and small in amount. The Association would like to make this fund grow because a hefty endowment fund would enable us to give need-based scholarships, academic scholarships, and talent-based scholarships. As the fund grows, we could even consider using some of the income to help fund activities at the school such as sending various groups of students to competitions throughout the country.

This type of endowment fund, completely separate from the Alumni Association's operating fund, is common in private and parochial schools around the country. Alumni associations for schools in the greater Cleveland area that are roughly the same age as John Marshall High have funds with principal ranging from \$30 million to \$68 million. While such huge funds are more rare for public schools, endowment or scholarship funds ranging from \$200,000 to \$5 million do commonly exist. The JMH Alumni's Endowment Fund has about \$29,000.00.

Considering the vast number of JMH Alumni, building such a fund doesn't have to be a chore. A small (or large) donation from each alumni member would get the fund off to a good start. Perhaps your estate planning could include a little thank you to your alma mater. There are tax advantages to giving to a fund of this sort. In addition, those giving very large donations might have the option of having a scholarship named after themselves or establishing a memorial scholarship.

The Association's goal is to raise \$1,000,000.00 over the next 3 years to get the fund rolling. You have the opportunity to help by making a contribution using the form in this newsletter. Let's show everyone that you don't have to graduate from a private/parochial school to be willing to give back to the educational community.

Please help! We're constantly updating our database, enabling us to help out reunion committees. There are many JMH alumni who have never received the Alumni News, heard that their class was having a reunion, or even know that there is an Alumni Association. Several of you have brothers, sisters, cousins, parents, and children and some of you remain in contact with classmates that have attended JMH. It's sad to say - they may be missing from our database. Would you please take the time now to give us an update on their current mailing address? We're also trying to confirm the deceased members of the JMH family - reunion committees have a hard time with this area - so if you can supply a date of death (a copy of the OBIT would be helpful), it might prevent an embarrassing or upsetting phone call around reunion dates. Don't forget to include class and year - if you don't know it, take your best shot!

To the ladies - please always include your maiden name with any correspondence.

To the gentlemen - please list any name change or alteration of the spelling of your name. _____
