The History of John Marshall & West Park

The historical committee is beginning to research the history of John Marshall and West Park. Our intent is to eventually publish an historical work on the school and the hamlet/village/city of West Park. We are also considering the possibility of an alumni night at the school and the creation of several video tapes of different eras. An oral history project is underway as well as a complete subject indexing of all "Interpreters". In addition we are exploring the possibility of transferring all issues of the Interpreter to microfiche.

We are actively soliciting photographs, scrapbooks, or any material from the school or community. Most importantly we are looking for home movies of any John Marshall events, eg. games, parades, plays, that could be donated or at least borrowed to copy to video tape. All of the work being done by these committees comes to you thru this newsletter. Won't you please be generous in your support.
